**LICENSE FOR FOREIGN FILING UNDER  
Title 35, United States Code, Section 184  
Title 37, Code of Federal Regulations, 5.11 & 5.15**

**GRANTED**

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" followed by a date appears on this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.15. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related applications(s) filed under 37 CFR 1.53(d). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.

**NOT GRANTED**

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" DOES NOT appear on this form. Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15(b).

Commissioner for Patents

Dear Sir:

Applicant hereby petitions under 37 CFR §1.10(c) to correct filing date and date-in discrepancy. Accompanying this petition are:

- (1) a true copy of the Express Mail mailing label No. EV 182098253 US showing the "date in" of October 24, 2003 by the Post Office of Palo Alto, California;
- (2) a true copy of the United States Post Office Receipt showing the Express Mail mailing label No. EV 182098253 US on it; and
- (3) a true copy of the utility patent application cover sheet as deposited with the post office on October 24, 2003 showing the Express Mail mailing label No. EV 182098253 US on it prior to the original mailing.

The filing date as shown in the Filing receipt is in error. The correct filing date should read as follows:

**OCTOBER 24, 2003**

This petition is filed promptly after Applicant became aware the Patent Office had accorded a filing date of October 27, 2003 other than the United States Postal Service deposit date of October 24, 2003.

A red-lined copy of the Filing Receipt is attached for clarification.

Applicant submits that no fee is required for this petition. However, the Commissioner is authorized to charge any additional required fees, or credit any overpayment, to Dorsey & Whitney LLP Deposit Account No. 50-2319 (Order No. A-71153/AJT/TJH (463031-8)).
